GENERAL INFORMATION ON COURSE CHOICE /

If you are selected for an exchange, make sure that you **have at least a B2 level in:**

- English, both written and oral, to take part in the courses that are taught in English;
- French, both written and oral, to take part in the courses that are taught in French.

Courses are intended for exchange students who have completed **at least two years of studies** at their home university.

Please note that exchange students **cannot attain a final degree at Rennes 1 University** unless there is a specific double degree partnership with their home university.

When cooperation agreements are concluded by subject area, department or faculty, learning agreements can be drawn up within different faculties as long as timetables are compatible.

Students coming to Rennes under double degree agreements should be nominated first as standard exchange students. They will receive specific guidance depending on the degree they will prepare at IGR-IAE Rennes.

FRENCH GRADING SYSTEM

At IGR-IAE Rennes, as more generally in France, we use a 0-20 scale to report all the grades. The grading scale goes from the bottom grade, 0 points (extremely disastrous performances or “no show”) to the top grade, 19-20 points for an outstanding performance (rarely awarded). 10 is the passing mark (10-11 C, 12-14 B, 15-16 A, 17-20 A+). Grades from 0 to 9,9 will fail and lead to re-sit exams (second sessions).

Exam organization

An exam period is organized at the end of each semester, as listed above. During that week you will have exams for some of the courses. Other courses will be examined right after the end of the course. Other grades (continuous assessment) will be included in your final grade. Each professor will inform his/her students of the examination modalities of his/her course.
