

International Plant Immunity Symposium

CALL
FOR
ABSTRACTS

The [IRTG 2172: PRoTECT](#) is delighted to invite you to submit abstracts for [IPIS 2024](#), a leading event dedicated to exploring the latest developments in plant immunity research. The first two days of the symposium will feature **poster sessions**, with contributions selected from the abstracts submitted by **June 30, 2024**.

Please note that you will be asked to log in via Academic Cloud. If you do not have an account, you will have an option to create one. This feature will enable you to make necessary changes to your abstract.

Abstract Submission Guidelines

Before starting your submission, please check the following:

- Abstract title
- All authors' names and affiliated institutions
- Abstract text (should be less than 350 words)
- No graphic attachments are accepted

Abstract submissions are open to Ph.D. candidates and individuals holding qualifications beyond the doctoral level.

Please underline the name of the author who will be presenting the poster during the symposium. The submitting author will be notified about the selection for poster presentation following the review process.

The **deadline** for abstract submission is **June 30, 2024, at 23:59:00 CEST**. Abstracts can be modified up until this deadline, but no changes will be allowed after it.

Registration link: <https://events.gwdg.de/event/666/abstracts/>

The presenting author must [register for the symposium](#) before June 30, 2024, at 23:59:00 CEST.

All submitted abstracts will be published online before the symposium.

The submission of an abstract and participation in the symposium are both **free of charge**.
