## International Day 2020

On **Thursday 16 January 2020**, we have the pleasure of inviting all of our partner faculties to participate in our International Day event. During the day, there will be presentations and stands by partner faculties, and in the evening the faculty will host a social gathering for all international guests.

During the International Day we wish to give our students as much inspiration and information as possible before the internal study abroad application deadline in February. We hope that you will join us in making the event a great success, just like in previous years. The success is due to the contribution from representatives from our partner faculties who come to Bergen, and also thanks to our incoming students who volunteer to represent their home universities during that day.

We hope you will join us in Bergen to present your university/faculty and your study program to our law students. This way, our students will get a unique possibility to get first-hand information about various study abroad destinations. It will also be a great opportunity for you to meet colleagues from various universities around the world, and to visit the Faculty of Law in Bergen and learn more about what we can offer your students.

In addition, we have the pleasure of inviting you to meet us on **Friday 17 January 2020** (optional). The program has yet to be confirmed but we hope to be able to take you for a visit to the [University Museum of Bergen](#), which was closed for the last 6 years for major renovation and reopened to the public in October 2019.

For administrative or academic guests who have special issues to bring up regarding our agreement, we will be available for a chat during Friday. We will provide further information as soon as plans have been confirmed.

We sincerely hope that you would like to attend our International Day, and are looking forward to seeing you in Bergen in January!
