

# Physikalisch-Chemisches Kolloquium

Wintersemester 2017/2018

Donnerstags, 17 Uhr c. t.

MN28

- 19. Oktober 2017

M. Fárník,  
J. Heyrovský Institute of Physical Chemistry v.v.i.,  
The Czech Academy of Sciences

*"Clusters of Atmospheric and Biological Relevance:  
Investigations by Non-Traditional Mass Spectrometry"*

- 23. November 2017

T. Carrington,  
Chemistry Department, Queen's University,  
Kingston, Canada

*"Computing and understanding the ro-vibrational  
spectrum of  $\text{CH}_5^+$ "*

*W. Nemst*
